[24CFRPart903.79(r)] Provideabriefoverview oftheinformationintheAnnualPlan,includinghighlightsofmajorinitiatives and discretionary policies the PHA has included in the AnnualPlan.
The PHAP lanfor Fiscal Year 2002 has few changes from the prior year plan. The Capital Fund Plan has been updated to reflect planned improvements to the properties. While the vacan cyrate in the Housing Authority's jurisdiction has improved slightly, the Authority plans to implement the project based voucher program this year to increase the supply of affor dable units for voucher holders.
The Housing Authority also plans to explore creating as ite development in Emeryville. This development is on the far northend of the county and the majority of the Authority's applicants are from the southern part of the county and are reluctant to relocate more than 25 miles away from their established base of schools, doctors, work, etc. A site based list should attract families who already live in the north part of the county of these who are interested in residing there.
Finally,theHousingAuthoritydidmodifythedefinitionofsubstantialdeviationtoallowforminor adjustmentstothecapitalplanfornon -emergencywork. This will allowformore flexibility and allow the Authority to be responsive to improvement needs that may arise during the year.

Base dupon the information contained in the Consolidated Plan/s applicable to the juris diction, and/or other data available to the PHA, provide a statement of the housing needs in the juris diction by completing the following table. In the "Overall" Needs column, provide the estimated number of renter families that have housing needs. ## Goals

The prior fiscally ears awan extremely tightrental market. The average success rate for voucherholders seeking housing was less than 20%. The rental market has substantially improved and with HUD approved exception payments tandards, extensive out reach to landlords and housing sear chassistance for voucher holders, the success and utilization rates are improving. The PHA anticipates full lease up in the next fiscally ear.

ThePHAiscontinuing to explore development opportunities to construct housing units which might be used as transitional housing opport unities for Section 8 and/or other family members who are ready to be ginthet ransition to either homeownership or market rate rental housing. To increase the supply of Section 8 rental units, the PHA has applied for and received exception rents at 120% of the existing FMRs. In addition the PHA has continued its outreach efforts to the Rental Housing Owners Association members and other rental owners by participating at the annual rental housing owner expo, through speaking engagements at rental housing owner trainings, participating in local rental owner task forces on rentand other property related issues, etc.

The PHA continues to maintain its properties and upgrade them through the use of capital funds. Work is being completed according to schedule and in a timely manner. The PHA's MASS score for this fiscal yearwas 27 ranking the PHA a High Performer.
